ABOUT VCSQI

The Virginia Cardiac Services Quality Initiative (VCSQI) is a nonprofit, clinician-led collaborative dedicated to improving cardiovascular care across the Commonwealth. Since 1996, VCSQI has brought together hospitals, cardiology groups, and surgical practices to improve quality, outcomes, and cost-efficiency through data sharing, innovation, and best practice implementation.

Our Core Values:

- Value-Based Best Practices
- Collaboration & Transparency
- Stewardship of Healthcare Costs
- Quality and Patient-Centric Care
- Innovation through Data and Analytics
